STC COOPERATIVE EDUCATION PROGRAM DESCRIPTIONS

- (1) **JOB SHADOW:** All STC students may observe (shadow) an employee in a business, industrial, or professional job setting for one day. The Job Shadowing experience provides the student learner with specific information related to an occupation. This is a non-paid program with no hands-on work activities. Students are required to complete a daily log for each job shadow experience.
- (2) **INTERNSHIP** (paid or unpaid): Students are eligible for an internship experience pending their current program progress status. This short term work-based program provides direct hands-on training specific to the student's occupational area. An STC Internship may be one to two weeks.
- (3) **CLINICAL:** Students in designated STC programs participate in a clinical experience which is a specific component of their course curriculum. The Clinical program is offered at a designated work site location, and is supervised by certified staff. Transportation is provided by STC. Some clearances and physical tests are required.
- (4) **COOPERATIVE EDUCATION (Capstone):** Students cap off their formal career and technical education with a related employment experience at a school approved, work based learning site. Students must be recommended for a paid Capstone job experience by their instructor, home school, and STC staff. Capstone is recommended for (Level 3) students who are accountable and competent concerning their occupational program of study, however advanced Level 2 students may apply for Capstone in during the last 45 days of a semester, if certain criteria is met.
